

Considerations
and
Opportunities
for Rural
Communities

- **Conversion**
- **Infrastructure**
- **Supply**
- **Funding**

Conversion/Purchase

- **The “right” vehicles**
- **Installation**
 - Monofuel
 - Bi-Fuel
- **Service**
- **Maintenance**
- **Training**

Supply

- Storage
- Telemetry
- Pricing
- Contract

- On Site
- Turn-Key contracting
- Scalable as fleet grows
- Meets all NFPA 58 and local codes
- Can use “off grid” Power Pack
- EV Charging Module
- Fuel management
- Micron filtered

Infrastructure

Funding

- **Grants**
- **Rebates**
- **Financing**

Autogas:

- Is less flammable than gasoline
- Nontoxic
- Burns cleaner – C₃H₈
- Dissipates into the air unlike liquid fuels
- Tanks are 3/16" steel and 20 times stronger than gasoline tanks
- Powers 30 million vehicles worldwide – 3rd most widely used vehicle fuel in the world
